## *IT'S FAIR TIME...*

Summer is flying past right now (at least for me) and the Ozaukee County Fair is next week (July 28 thru August 1). This means our Annual Fund Raiser is at hand as we man our food and beer tent on the north end of the Ozaukee County Fair Grounds. And we need you, our volunteers, to help us man the bar and cook shack to help make this another profitable fund raiser.

Besides our members, we have Snow Drifters and the Snow Seekers helping us out again this year in the kitchen and bar. But we still fall short in many areas on the schedule – please see the “HELP NEEDED” areas. As I’m writing this and looking over the schedule, **we need help Wednesday 1pm to 6pm, Thursday 1pm to 9m, Friday noon to 6pm, Saturday 4pm to 6pm, and Sunday 9am to 6pm.** As usual on Sunday (August 1) and Monday (August 2), **we need help for Teardown (starts around 6pm).** Bar is taken down on Sunday; cook shack is washed and taken down on Monday. **We do need extra help covering lunch and dinner hours on Friday and Saturday;** dinner rush starts early so be there by 4pm. Plan to **arrive at least 15 minutes before your shift** so you can re-refresh yourself with the procedures and learn the new information. If for any reason you cannot work when you have volunteered, please call Chris Habich at 262-352-6992 to inform her of this change. Also, please do not bring your children to help unless they are 18 or older (insurance reasons and state health codes).

Remember, for those volunteering to work, there are many other jobs besides cooking, food preparing and bartending. We will need help slicing buns, stocking the kitchen, stocking the soda & beer coolers, wiping down tables and the bar, washing dishes, separating burgers, and other odd jobs. There is plenty to do; just ask if you’re not sure what to do next. Also, remember to sign in and out on the time sheets; they are located by the cash box.

Closing shift – if you are signed up to work until close, please stay thru closing because we need help cleaning up. If we are over staffed, the licensed bartender will let you know if you are able to leave early.

Bartenders – please remember “You Must Card” anyone that doesn’t look at least 30 years old. Individuals must be 21 on or before this day, 1989, to buy beer, Mike’s Hard Lemonade, Wine Coolers, and Sharps. No I.D., no alcohol; also, we only accept Wisconsin I.D.s. It may seem a hassle to ask for I.D., but it is better to be safe than serving an underage person.

Last but not least, entertainment this year will again be provided by Rod Otto with 401(k)araoke. He will be planning music Wednesday, Thursday, Friday, and Saturday nights plus Sunday afternoon.

Thank you to all the volunteers working extra hours for our one and only fund raiser. Without the volunteer efforts throughout the year, our club would not survive as ours has. Thank you for your support!!!

Once again, I have used up my allotted space and need to wrap it up. So, till next month, keep your track on the snow and remember, “United We Trail, Divided We Fail”.....

## **THANK YOU TO OUR LANDOWNERS**

Landowners, as a thank you for allowing us to cross your land each season, enclosed in this newsletter is your Monticello Tent food and beverage coupon to be used at this summer's Ozaukee County Fair. The fair runs Wednesday, July 28 thru Sunday, August 1. Please stop in and visit us at our tent at the fair and redeem your coupon for an awesome sandwich of your choice and a cold one to wash it down. We look forward to seeing you there. Thanks again for allowing us to cross your land with our snowmobile trail.

## **STOLEN CULTIPACKER**

As many of you have heard or read via email, our Club's cultipacker was stolen the Friday before the Newburg Fireman's Picnic. It was in the barn where it was stored on Thursday, yet come Friday, it was gone. It was spotted going west on Pleasant Valley Road around 2pm being pulled by a full sized blue pickup. Bob and Randy did call the Ozaukee County Sheriff's Department and filed a report stating it was stolen along with another piece of equipment that Bob's brother Ed had stored there as well..

The following week, Ed was headed home east bound on Pleasant Valley Road (just past Jackson Drive) when he spotted a blue pick-up pulling one of his pieces of farm equipment which was headed towards him. Since he saw a Jackson police officer parked a short distance back, he called 9-1-1 and got the officer to trail the pickup north on Jackson Drive. When the driver noticed the officer tailing him, he failed to stop at Hwy NN where he hit another car in the intersection. Needless to say, there were some injuries (not life threatening) as well as damage. The farm implement that belonged to Bob's brother Ed was damaged beyond repair from the accident. Yet both individuals in the blue pickup were arrested and later turned in their two buddies; three of the four confessed to stealing our Club's cultipacker and selling it in Waukesha for scrap to support their "habit".

Our only benefit in this case was that Washington County Sheriff's Department acted quickly after catching the first two guys and now have all four in custody. The Sheriff's Deputies and Ed Thomas did find parts of his first missing implement at the scrap yard in Waukesha, so that will help prosecute these individuals. (We were never asked to go out there to

find parts of our cultipacker.) Their confessions will help us get restitution, but who knows when this will take place. As items develop with this case, we will relay this information on to you.

## **CULTIPACKER NEEDED**

Since our Club's cultipacker has been stolen, we need to find one for this fall. Unfortunately, we didn't have ours insured (we didn't think anyone would want to steal it), and restitution (if any) is a long way off, so we cannot just go out and purchase one. We're looking for one that is 12' wide and has a set of rollers in the middle with cutters in the front and behind the rollers. This allows us to disc (flatten) the plowed fields where our trail crosses. That is how we have such flat trails in the fields the past couple of seasons. If anyone has one that isn't being used and doesn't need anymore or knows of one that is available for our use till we can purchase one, please give Randy (262-707-9328) or Bob (262-707-5282) a call with the information.

## **NEXT SEASON SNO-FARIS**

Right now, we are looking at another Sno-Fair to Gwynn Michigan. It was a blast last year and I've had members approach me in the off season stating they would love to go back up there next year. So I figure that it will be well worth going up there again next February. Watch this newsletter or your email for updates.

Also, I'm not sure what to do about the St. Germain Sno-Fari. It is an awesome area for snowmobiling and you are able to leave the area in one of five directions (and return from another direction). Yet the trail conditions have been hit or miss, so we're open for suggestions regarding this Sno-Fari. Yes, we do need winter and snow to plan these....

## **FOR SALE**

Starting fresh for the fall; please contact me with any items you wish to list for sale.....
