Purpose: Discuss findings of our committee formed in April to investigate the replacement of the cleats.

Action: Need to discuss and pursue one of the following options while time is on our side. Please come to the meeting and give us your input. Remember, this is your Club and your opinion counts.

Can't make the meeting? No problem; please email one of the following:

Dan Burback: garagemahal@charter.net

Dave Pom: dpom@sbcglobal.net

OPTION 1: 96 New Cleats approximately \$7000
250+ volunteer hours to install new cleats
and go thru belting and bearings.

OPTION 2: Sell or Trade-In our Tucker and purchase
newer model with rubber tracks and diesel
engine. Finance approximately \$30k to \$50k
Board is looking into financing for five years.
Fuel savings of 75% versus gasoline.

We do need the members of the committee reviewing our Tucker as well as the Sno-Chief's Tucker to be present at this meeting for their views as well as their commitment to working on our Tucker if our Club decides to go with Option 1. Make plans to attend this meeting. Thanks for your input in advance.
