FALL IS FINALLY HERE.....

The trees are changing color and the leaves have started to fall making our green lawns look like a page out of a child's coloring book. All this tells me is summer is past, and fall is here to stay. And with fall, we have a full schedule of projects to complete before the snow starts and our trails open. Looking ahead with all this in mind, I've always been told that as you get older, life will slow down and get easier. I'm still waiting for that day to arrive, and I know that I'm not the only one. Even some of our retired members have told me the same thing, it still doesn't slow down even after you retire. Go figure.

Before I sign off for another month, at our September's Club meeting, we **approved purchasing a used cultimulcher** from Ed Thomas. Bob used this unit last fall to level our trails, so we knew its capabilities and how well it would perform; we just need a hydraulic cylinder for it. Please read on regarding us raising free money, Club Sno-Fari's and other items. So, till next month, keep your track on the snow and remember, "United We Trail, Divided We Fail".....

Additional Thank Yous

There is one additional "Thank You" to go out from the county fair, and that goes out to Mary Demler (Chris Habich's sister). She helped Chris out during the fair and rode shotgun on the runs Chris made for supplies. Also, an additional thanks goes out to John Haen for donating a couple of wide tie-down straps for our cook shack. These are to be used for securing the disassembled parts of the cookshack to the trailer.

Plus, thanks goes out again to John Haen for initially checking out our Club's ATV to determine what was wrong with it. And thanks goes out to Jim Thomas for picking it up from that point and going thru our it and bringing it back to better condition than it was at the end of last season. Along this line, thanks goes out to John Jepson of Cedar Creek Motor Sports for donated the oil and filter that Jim needed when working on our ATV. A hearty thanks to John, Jim and John; we're ready to take on trail work with our ATV this fall.

SKI-DOO Millions - Club Members and Landowners

We need your help to raise money the easiest way possible with the Ski-Doo Millions. They are offering this starting September 1, 2011 and running until November 15, 2011.

As you know, Ski-Doo has done this the past two seasons and last season, they gave Wisconsin Snowmobile Clubs a total of \$734,000. Our Club received \$800 the first year and only \$600 last year. With your help, we should easily receive the maximum of \$1500 from Ski-Doo. Where else are you able to raise money by just filling out a form and turning it in?

Club members and Landowners of Monticello, we are able to get \$10 per member (not family) towards our Club, by filling out the entry form and turning it in to Cedar Creek Motor Sports. Yes, both a husband and wife are able to turn in one form each, giving our Club \$20. Also, landowners and their spouses are able to do this as well because we consider you Club members.

Click on the following link below to go to SKi-Doo's website and follow the instructions on the right side of the page: <http://en-us.ski-doo.com/clubsupport2011/Home.aspx> You'll need to fill out their form and then click on submit. Within a week or two, you will receive this form in the mail with your information that you filled in online. Then turn it in to us at October's or November's Club meeting or drop it off at Cedar Creek Motor Sports. Ski-Doo is doing this differently than in years past to cut down on fraudulent entries.

If you do not have access to a computer or the internet, please ask a friend or family member to help you with this or stop in at this month's Club meeting and we'll help you register. So let's turn it up this year and get the maximum available.

Milwaukee Snow Show Tickets

We will have two tickets to this year's Milwaukee Snow Show at the State Fair park that will be given to one lucky individual at our October's Club Meeting. All members in attendance will have a chance to put their name in for them. Stop in and enter your name for this set of tickets!!!

Sno-Faris for Winter 2011

We have picked the dates of both Sno-Faris for this season. For the first one, we are looking at January 20-22, 2012 with the destination being Land 'O Lakes, possibly the Gateway Lodge. And for February, we are looking again at Gwinn, Michigan. Dates for trip February 17-19. More information will be included in November's newsletter such as contact information.

CHRISTMAS PARADE

We are going to have an entry in this year's Grafton Christmas Parade, scheduled for Saturday, November 26. Over the last couple of years, we have had our Tucker as well as a trailer with some sleds on it. This year, we'd like to change it up by having some of our Club members design and decorate a float. Some ideas were bounced around at September's Club meeting, yet we need some members to volunteer to help out and plan this float. If you are willing to help out, stop in at October's Club meeting or give me a call and I'll get you in touch with the individual heading up this project.

Club Packer Party - Food Drive

This was left off of our flyer for our Packer Party last month. We are looking to collect non-perishable food items for the Grafton Food Pantry or donations from the following list for the Ozaukee Humane Society (bleach, newspapers, highlighters, paper towels, peanut butter, dish soap, or copy paper) at our Packer Party. By collecting these items, it gives our party a dual purpose – a party with a charitable twist. Please help us out with this; we're just trying to help out two organizations depending on donations to help those in need of help.

Once again, for our Club members, we have included a flyer along with this newsletter regarding our Packer Party scheduled for Sunday, October 23, for the 3:15pm game between the us and the Vikings. Please see the flyer for further details.

TRAILWORK

Begins on Saturday, October 22. We'll meet at the Kison Farm at 7:30am and work until noon. Please help us with brushing, trimming branches, snow fences and installing trail markers. We only have four Saturdays starting with Oct. 22 before deer hunting opens. The more the merrier and the more we can get done. See you there.

Landowners

October is finally here and if you haven't been contacted as of yet, we will be in touch with you to obtain your permission to cross your land again this season with our snowmobile trail. Please let us know if you have any concerns, or problems from last season, or if you need the location of our trail changed. We appreciate you allowing us access with our trail each season. Without the use of your land, we would not have the trail system we have today. Thank you in advance for your help and permission.

2011-2012 Important Club Dates

Please mark these dates on your calendars:

Thursday, October 13	Board and Club Meeting
Saturday, October 15	Stop signs must be in at major road crossings
Saturday, October 22	Trail work
