WINTER IS HERE!!

I guess summer/fall has finally left us as I've seen frost on the ground and I've had to drag out my winter coat as well as hat and gloves. Guess the bike is "stored" until spring, yet the sleds need to get winterized very soon since our season is close at hand.

Speaking of our season, it is right around the corner. December 15th is that date and if our conditions continue to stay cold and the frost buries itself into the ground, then all we will need is at least eight to ten inches of snow cover and cold cold temperatures. So far, so good!

There is a lot going on as we move into winter. We have guest speakers lined up for December, January and February at this time. I'll let you know of them as the each month gets closer; so read on for more happening in December! Till next time, keep your track on the snow and headlight pointed down the trail!

PACKER PARTY

We had a really good turn out as we had over 50 Club members & Club friends in attendance. Plus the Packers WON!! Congratulations to our pool winners from this party: Mark Helm, Steve Brandt, Lori Burback, Spanky, Deanna Einwalter, Karl Simonis, Samantha Brandt and Chris Habich. And congrats to our 50/50 raffle winner, Samantha Brandt! Thanks to all for joining us as we thank all those for their help volunteering over this past season!!

THANK YOU'S

First thank you goes out to Julie Newhauser from Cedar Creek Motorsports. Julie stopped in at our October Club meeting to discuss new Ski-Doo sleds as well as the "Snow Show" that was held over the next couple of days at State Fair Park.

Second thank you goes out to Dennis Guttman, our own snowmobile safety instructor. Dennis went over a snowmobile refresher in November including checking your sled before the season as well as each time you hit the trails and covered fatalities from the past season. There are lessons to be learned.

Third, thanks goes out to Cal Cummings, Bob Vanderloop & family for their efforts setting up and driving our two entries into the Grafton Christmas parade. Thanks also goes out to Cedar Creek Motor Sports for loaning us a trailer and two brand new sleds as well as 5 Corners Dodge Chrysler Jeep for the use of a new Dodge pick up to pull the trailer thru the parade.

Thanks again to the above for their time helping out our Club.

SNOWMOBILE TRAIL PASSES

Attention Club Members, just a quick reminder, you will need a trail pass to ride your snowmobile on our snowmobile trails here in our fine state of Wisconsin. These trail passes are now available online or at certain outlets. If you have any questions on this, feel free to call myself or Deanna Einwalter or go to the AWSC.org website: <https://awsc.org/Trail-Pass-Registration>

PINK RIBBON RIDERS

We have invited Lisa Stahl (Hansen) to our December Club meeting to discuss her group, The Pink Ribbon Riders. Just so you know who they are, here is their brief bio: "The Pink Ribbon Riders are a very small volunteer based 501c(3) non-profit organization that provides direct financial assistance to both men and women diagnosed with breast cancer." The funds that they raise in each state stays in that state for the patients residing there. Each patient that is helped is given \$500 gift cards that are used to cover a portion of their expenses. And the Pink Ribbon Riders was created due to there female snowmobilers where one lost her life to cancer. And they still use snowmobiling to raise funds for this cause. This is why we have invited Lisa to our Club meeting in December. Of course, we are looking to help Lisa raise money for her group, so if you are willing to help fight cancer and make a donation, our Club is willing to match up to a certain amount. Our Board will decide on this amount at our Board meeting. Lisa will bring along other Pink Ribbon items to sell to help raise money as well. See you there!

TRAILS

By the time this newsletter reaches you, we should be ninety percent completed with our trail brushing and installation. We are up against water and/or crops at this time, yet within a week or two, we should be able to wrap up signing our trails.

The only other big item that we are still attempting to finish is the bridge in Olsen's woods. Due to the lack of frost in the ground and especially in the swamp, we are holding off this task and will see if conditions improve. We are looking at Saturday,

December 16th to work on this bridge, yet only if there is a good two to three inches of frost in the ground. By the time our Club meeting hits, we should know if we are on for this task or not. In the meantime, please mark your calendar's for this task on December 16th. Thanks in advance for your help!
