MY RAMBLINGS

March is upon us and I really don't want to even think of this, yet the end of our season is drawing closer each and every day. Fortunately for us in Wisconsin, this is coming very slowly this year and the farmer's almanac supposedly has predicted one more snow storm during the month of March. Not sure what we will see or how much, yet 'tis the season and we love snow!!

Couple of other items happening in March is nominations for our Board. We have three seats on our Board up for election; those whose Board terms are up are: Deanna Einwalter, Cal Cummings and Matt Geszvain. (At least according to my notes.) We will be looking for nominations at our March Club meeting to fill these positions and existing are eligible.

There are a few other things happening, so continue to read-on to see what else we are doing!

One additional item, Wally Thill will be our guest speaker for March's Club meeting. At the time I am writing this, Wally told me he should be good to go by the day of our meeting. If he cannot make March, we will reschedule for April.

So until next month, don't store your sled just yet; we may have one more snow storm to enjoy!! Ride safe out there and remember, keep the rubber side down!!

MARCH BRAT FRY

This month, we are planning on brats following our Club meeting with ice cream for dessert. Rumor has it that Mark from Circle B has been waiting patiently all season for us to serve this dessert. So at this point, all we need are side dishes, chips, relish, and saurkraut to complete this brat fry/ice cream social! Please give Chris a call or text on or before Tuesday, March 10th if you are able to help us out to complete this meal! Thanks in advance for your help!

GROOMER NEWS

Our entire system was groomed a total of five (5) times, with the exception of the trail to the Hub. We even groomed the cross country ski trail in the Pleasant Valley Park for the first time with the ski groomer attachments which worked awesome! So far this season, we put 75 hours on the our Tucker, yet not all are billable, especially the parade and grooming the Lion's Club 18-Hole Golf Course. All in all, our repairs to the tracks and carriers this past summer and fall have paid off for us. Thank you to all our groomer mechanics and operators for

volunteering their time and talents to keep our Tucker up and running.

CALLING ALL FAIR COOKS

We are looking to get all of our cooks together at this month's Club meeting. The need to have all of us on the same page when grilling and soaking our burgers is beneficial to keeping our customers happy. I know myself that I have heard at least four (4) different ways to keep the burgers juicy and fresh, yet our experience and customer response/complaints state we need to be more consistent. Stop in for this discussion and we'll do our best so all are on the same page.

WINTERFEST - LION'S CLUB GOLF OUTING

According to Eric Siudak, president of the Cedarburg-Grafton Lion's Club, all went well again this year with their golf outing. Pee wee groomed all 18 holes for them and once again, awesome job on the fairways! Thanks, Pee wee, for handling this off trail grooming!

OUR LOCAL SNO-FARI

Submitted by Cal Cummings

At the club meeting on Feb 13th, Cal Cummings announced that a local Sno-Fari ride would take place on Saturday Feb 15th for anyone interested. At 9:00am, Adam Tietzen and Cal Cummings pulled into the Circle B parking lot and found Paul Mueller unloading his sled for the ride. As we got prepped, Jeff Bykowski arrived by sled. By 9:30am we were on the trail headed north towards Saukville. It was a great sunny day and the temperature was perfect. From Saukville, we continued north to Waubeka and then up to Batavia. Trail conditions were good, with some plowed fields just a little rough, but crossable. At Batavia we thought about stopping for lunch, but decided instead to head up to Long Lake and have lunch in Dundee. The group decided to take the trail across Long Lake and then come down the west side of the lake to Dundee. As we cross the lake, we could not find the trail leaving the lake, so we traveled down the shoreline. The group got a little separated when Cal stopped to ask some ice fisherman for trail information. The group found the trail and Cal caught a trail off the lake on the north

end. A few texts later and we were back together in Dundee. NOTE: it is always good to know where you are going, whether you are the lead rider or the last guy. Also good to have a group that looks out for each other. We made a few wrong turns during the day and may never let someone lead the group again. (Just kidding!) After lunch we rode south to St. Michael's (east of Kewaskum) for a break, then it was south again for a stop at the Kirchhayn Country Club where we praised PeeWee for the awesome trails. We logged 116 miles for the day and had a great time. One funny statement from the day that will never be forgotten, "Hey, where's my helmet?". If you want to know more, you will need to ask someone from the group at our March Club Meeting.

UPCOMING DATES FOR THIS SEASON:
