MY RAMBLINGS

Man, has it been a while since we have been “allowed” to hold a Club Meeting, and we are looking forward to September where we will kick off the start of our new season! A lot has transpired since we last met and considering how quiet our summer has been without County Fairs, State Fair and even Summerfest, getting together once again is well needed. Plus visiting those in assisted living, nursing homes or re-hab facilities has been restricted or not even allowed up to a short time ago, so that is another blessing to be able to get out and visit friends and family.

So with all the time on our hands, Lori and I have made the best of our spring and summer catching up on our yard, cutting trees, burning brush plus working on our kitchen. It is pretty cool to check off items on the “honey-do” list! (Ed note: my list still is the same; go figure!) Yet not all of our friends and family was the roughest part of our summer.

Now back to our regular programming, snowmobiling! As our season starts, we have encountered a major trail issue. Yikes!! Yet this isn't a surprise as many of us have had an inkling that this would happen some day. The land west of Circle B and east of Baehmann's, which is owned by the City of Cedarburg, is being developed into a business park. This is not what we need to hear headed into a new season, yet we now need to make changes and reroute our trail to keep it intact. We are also looking into Baehmann's Golf Center as this land may be next to change from its current use.

With this knowledge, we are starting to make plans and inquiries into a way to re-route to the north around this area. If you know anyone that owns land around this area where we could move our trail, please let Randy or myself know as we need all the help possible. This will be on our agenda for our Board meeting as well as our Club meeting this month.

Since I need to cover a few other items, I'm leaving you with my favorite quote from Red Green: “if the women don't find you handsome, at least they will find you handy!” Until next month, let's sharpen our chainsaw blades and get our trail markers ready to install!

MEMBERSHIP DUES

Once again, it is time to renew your membership dues for our Snowmobile Club. We are collecting them at September's and October's Club meetings as well as via snail mail. If you so choose to mail it, please send it to Patty's address found at the bottom of our application. Due to our need for snowmobile trail passes each season and the discount our members get on them, we need to get our Club renewals in as early as possible to the AWSC. Once your AWSC membership renewal is processed, the sooner you are able to purchase your discounted trail pass(es). We submit our renewals plus new applications to the AWSC on the Monday following our Club meetings as well as when we have four (4) or more to process. Thank you for renewing and joining us!

TRAIL WORK

Landowners, please note that we will be contacting you over the next couple of weeks for permission to cross your land this season. We appreciate your willingness to allow us to put our snowmobile trail across your land each season. You, along with our members, are our biggest asset and we would not be able to have our extensive trail system without you.

If there are or were any issues, problems or concerns from last season that we need to address, please mention it when we call and we will do our best to take care of it. Thank you in advance for working with us on our trails.
