MY RAMBLINGS

We are just starting month two (2) of our new season and we have already been working on trail issues. So far, these issues are being worked out for the good for this season; we'll have more details at our October Club Meeting. Just to let you know, the areas of issue are on the west side of Circle B to Galioto's, Decker's Corners and now Highway I and 33. Odd stuff just keeps popping up and we're doing our best to handle it. This keeps us hopping as it adds additional work to our fall trail installation.

Along this line, we are to start trail work on Saturday, October 10th by installing our stop signs at the road crossings. This helps out the county crews as to know where we are crossing the roads so they are able to adjust the snowmobile crossing signs. Pretty cool how that works, isn't it? I always wondered how they knew where we crossed and once I had helped for a couple of years with trail installation many moons ago, it all made sense.

So until next month, let's cut the weeds by our trailers, change the summer air to winter air in our trailer tires and find plus sharpen our trail installation tools!

THANK YOUs

Goes out to Dennis Guttman for picking up our two (2) brand new tracks for our Tucker in early September. This worked out very well for us and Dennis as he was headed up north for a couple of days and we got the call that our tracks were ready. Both tracks are in Jake's shop when we are ready to install them. Thanks again Dennis for picking up our tracks!

Also, a hearty thanks goes out to Dennis, Lonnie Heller and Randy Kison for working to create the bases for supporting our signs behind Galioto's Twelve21 (Prochnow Landfill area) plus Art Liebau for donating pipe for the stake holder welded into the center of the car rim. This will make it easier to sign that area and not have to worry about a bucket of rocks/gravel dumping over. So if you come across a stake without a point, those are reserved for this use. Thanks guys for your help on this project!

One last note, thanks goes out again to Dennis for picking up our tab for the pizzas we enjoyed at our September Club Meeting. Thanks Dennis for your continued generosity and support of our Club!

CLUB-AWSC MEMBERSHIP

With us being in month two (2) of our season, we ask our current members to renew their membership in our Club early (by end of October) so we are able to update our Club rooster as well as renew your AWSC membership. This will allow you to get your discounted trail passes (\$10 each) early and beat the mad dash when the snow starts falling in November. If you haven't renewed your membership, please do so by bringing it to our October meeting or mailing it to Patty Kison's address at bottom of the enclosed/attached membership form. Thanks for your help!

Remember, we accept new applications at anytime throughout the season!

DONATION

At Fair time each summer, we receive donations from our three (3) (now four (4)) major Club sponsors. Due to the Fair getting scaled down where we didn't partake this year, Cedar Creek Motor Sports normally donates to our Club to help offset our costs. This year, Cedar Creek Motor Sports donated \$500 to our Club to show their support in us as well as to honor of Dick Larson, one of our lifetime members (backbone of our Club in the lean years) as well as a former employee of Cedar Creek Motor Sports. We really appreciate their generosity to our Club and caring nature in regards to honoring Dick. Thanks again for your continued support this season as well as in years past!

FOOD at CLUB MEETINGS

Due to the continued corona virus issues, we did not have our major fund raiser this summer and for the immediate future, we are purchasing food for our Club Meetings from Circle B. Because of this, we are asking for a \$2 donation or more per person to help off-set the cost of the food and beverages our Club provides at our Meetings. Thank you in advance for helping to support us and our food and drink at our monthly Meetings!

LANDOWNERS & OUR TRAILS

Landowners, please note that we will be contacting you over the next couple of weeks for permission to cross your land this season. We appreciate your willingness to allow us to put our snowmobile trail across your land each season. You, along with our members, are our biggest asset and we would not be able to have our extensive trail system without you.

If there are or were any issues, problems or concerns from last season that we need to address, please mention it when we call and we will do our best to take care of it. Thank you in advance for working with us on our trails.
