WE'VE MOVED!!

NEW CLUB MEETING LOCATION!!

KIRCHHAYN COUNTRY CLUB

Location: Downtown Kirchhayn

Mailing address (for GPS users): 1187 Western Ave, Cedarburg, WI 53012

Continuing this month, we will hold our Club Meetings this season at the Kirchhayn Country Club. And it was mentioned to me at the Fair that we met here 60 years ago (when it was Butzke's Tap) and here we are on our 60th anniversary meeting at that same location. Go figure!! See you there!

My Random Thoughts by Dan Burback

Have been pretty random as of late. Our season is starting out in a quick fashion as we start our 60th year as a snowmobile club! Plus, we are the oldest incorporated snowmobile club in the state, given you count all the years including our name change to C&G and then dropping the C&G. What a run we are on and continue on as we do our best to stay on the trail with or without snow!! Don't forget, we have our 60th Anniversary Party coming up on October 17th, and the deadline to RSVP is Friday, October 2nd. We have Shakers set up to host our party and we are all looking forward to an awesome evening. Hope to see you there! And if anyone has any ideas, suggestions, comments or whatever, please feel free to reach out to our Board Members via text, email or even a phone call. We are always willing to listen! At this time, I'll pass on the pen to another for more Club info, such as a review from WOW (happened over the last weekend in September), trail info plus food for October! So until next month, put your battery on a charger and crank up the AMPS!! Or is it the stereo you crank up. . . . hmmm. . .

Landowners

We are in the process of calling all of you for permission to cross your land once again this fall. If there were any issues from last season that we need to address, please let us know what they are and we will take care of them. Next to our members, you are one of our biggest assets a Club like ours could ever have. Without you, we would not have the awesome snowmobile trail system we have in Ozaukee and Washington County. Thank you in advance for your help and permission to use your land!!

Membership & AWSC

We are looking for you to renew your Club membership so we are able to renew your AWSC membership as both expired and it's time to renew! You'll find an application in this newsletter (both electronic and snail mail) and we need it turned in to us by December 1, 2026. Dues are \$30 per family for active membership and \$45 per family for non-active membership. We do have the two (2) options, yet we would prefer more active as we need your help as a volunteer from trails to the County Fair. Renewals turned in after our deadline will be subjected to a \$5 late fee. And as in the past, we will process the applications we receive by the Monday following our monthly Club meeting; this will give us a good number to process (more than four) to make renewing with the AWSC cost effective. We thank you in advance for renewing your membership with our Club!! And remember to tell a friend as we accept new applications all year long!

Trails

It is that time of the year for all section advisors to get land owners' permission to cross their property to get the brushing started. Please document the date and time of contact to keep a record for the club and also for the DNR. The brusher and ATV are ready to go. The tires for the cultipacker are in process. The Deutz tire is repaired and will have the maintenance on the tractor done soon. Any questions call Randy Kison.

Trail Closure

Hello fellow club members, I am writing this to give you information on a recent trail closure that happened. On September 1st the club was granted permission to go across the Grob Field property, the fields East of Cedar Creek Motorsports that goes over to Hwy I, for this winter with our trail system as we have been doing the past several years. On September 15th I received a call that our permission to cross the property has been rescinded and we are no longer able to put our trail on the property, I was told that they did not want any activity on the property while it was in the process of being sold. What that means is we are cut off from 5 Corners to Hwy I, we are working on trying to find a new route to get over to Hwy I to connect to our trail that heads North. We will keep you updated as we get information. Thanks for any and all the help that you as members provide to the club.

Wide Open Wisconsin Full Throttle Fest

The show is held every year at the Washington County Fair Park in West Bend. This is the 6th year since the show started and our 5th year being part of it as a club. We sell 50/50 Daily Cash raffle tickets and a few food options. We are unable to sell beverages, the fair park handles that. This year we were given even more space, our Tucker was in a new spot right near us for even more advertisement for our club. The entertainment at the show continues to grow. We had a helicopter circling over our tent the entire weekend, helicopter rides were \$50 for about 5 minutes. 2 of our club members went and had a blast! Other attractions were pit bike races, grass drags, vintage sled show, a pit bike giveaway, water skipping, motorcycle stunt shows, mini rod tractor pulls and much more! Thanks to all involved in set up, tear down, and working at our tent during the show!

Halloween Candy

We are looking for donations of bags of Halloween Candy at October and November's Club Meetings that we will use for Grafton's Christmas Parade.

What's Cookin' Corner

It's a beautiful fall day. We all know what comes next, Winter and hopefully a lot of snow. Our October 8th meeting will be Super Nacho Night. We can use leftover cheese and fixings from WOW (if there are any left). Heather will be heating up meat and doing sides for us. She did a good job last month so Thank You Heather for doing that. If anyone wants to bring a dessert, that would be great. I will not be at the meeting this month. Hope all goes well, Happy Halloween to all. Hope to see you all at the 60th party or at November's club meeting.
