My Random Thoughts by Dan Burback

Hello all and welcome again to our 60th Season!! Our 60th Anniversary Party at Shakers in mid-October went over very well! From the hors d'oeuvres to the taco bar & pulled pork to the two decorated cakes to the band, we all enjoyed the evening as well as the video loop playing up front. You could tell what year the Sno-Faris were from based on the snowmobiles that were shown. And that video is the start to our goal of putting all our Club's history into a digital format. This will preserve our history for many years to come.

And we need to thank our entire Board and Jeff Bykowski for their combined efforts to help make our anniversary party an awesome event! From the guest list, invites, hall rental and menu, Club video, sausage and cheese trays, the two cakes, cookies, relishes and the band, our Board did great as all had a great time! Thank you to Jeff and our Board for your dedication and involvement for our anniversary party!

By the way, I incorrectly identified Howard Niemann, former Town of Cedarburg Chairman, as Harold Meinert at our anniversary party. I need to thank Spanky and company for this correction; I did have Howard's name correct, due to Frank Even telling me about Howard's ability to get trail permission, yet I messed it up when I went off script. Go figure! One interesting note from the party, I did meet two of my cousins whom I had never met before in my life; they are the two Karthausers in the band that played for us, Voodoo Vinyl. Talk about a small world!!

Read on for more on what is going on within our Club this fall: trail work, meetings, Grafton Christmas Parade, snowmobiling, etc., there is always something going on relating to snow!! Until next month, fill up the gas and oil in your chainsaw and we'll see you on the trail!

Trails
We unfortunately got off to a slow start this year, especially getting a lot of rain at once. We have currently a lot of the swamps brushed. Dennis got a dreadful phone call that we are cut off of the Grob properties north of Circle B. We met with Julie at Cedar Creek Motorsports. They are OK with going around their property, but the problem is running two-way traffic along Highway 60. Ken is diligently working to set up a meeting with the parties involved with that property. Jake has gotten parts for the groomer repair. Dennis and I went to an open house at Track Inc. We purchased two new wheels for the Tucker and will need to get them replaced before the season starts also. We only have two weekends before deer hunting to work on trails.
Saturday, November 7th and Saturday, November 14th.
We will resume on Saturday, November 28 and December 5 and December 12.
Please meet at the Kison Farm at 929 Elm Rd., Cedarburg.
Any questions or concerns call Randy Kison.

Trail Work
We have been working on trails already for hopefully a good season. When you do trail work, don't forget to record your work on the trail worksheets (I can bring some to the next club meeting) so that we get paid for our work. If you do work and don't record it, we did the work for free. If you have questions about how to fill out the sheet, feel free to contact me, and we can also talk about it at the next club meeting. When you have filled out the worksheet, please get it to me ASAP so that I can enter it into the SNARS system so we can stay ahead on our paperwork. I hate making the call to get worksheets. I prefer to get the paper copy vs. having it sent to me in a picture by phone. Thanks for all of your work on the trails.
Dennis Guttmann

What's Cookin' Corner
Well, can you believe it's November already? Getting ready for Hunting – Turkeys and Hopefully snow. Our 60th party was very nice. We were hoping to see a few more club members and landowners. But we know everyone's busy. It still was a good time. Thank you to all that took part in making it all come together.
Nov. 12th meeting will be our cold sandwich night – chips, sides and dessert. I will have the Dec. 10th appetizer sign-up sheet so you can plan early on what to bring. If you aren't at the meeting to sign up – Just call me before Dec. 6th so we get a Variety of appetizers. Come to the Dec. meeting to get started on the 2026 Holiday Cheer. See you all soon.
Think Snow
Nesco Queen

46th Grafton Christmas Parade – Saturday, November 28th
It's getting to be that time of year again. Santa and hopefully lots of snow are right around the corner. Our club will once again be participating in the Grafton Christmas Parade. The club rolls with a truck and trailer of Vintage Sleds as well as a new truck from 5 Corners Dodge with new Sled/Trailer from Cedar Creek Motorsports.
Club members can help by donating their unused Halloween or any other candies to us for the parade. We have walkers that distribute candy to the kiddos during the parade.
We need some vintage sleds for the float trailer. If you want to lend yours out for display during the parade, give me a call. Looking for a Rupp! Anywhere from perfect to farm fresh is good. Trailer/Sleds are tarped before the parade to protect them. Unless the precipitation is snow.
We will also need volunteers to pick up the new truck at 5 Corners Dodge and then pick up the trailer/sleds at CCMS Saturday morning. You will want to get to the Dodge dealer by 8:30. CCMS opens at 9 AM, and the trailer will be ready. Because of updated security, you need to get to the staging area by 10 AM. We will need to install the flying snow panels behind the new sleds in the staging area, if there is no ramp on the back of the trailer. Return the Truck and Sleds after the parade.
I will be driving the other float truck. Providing commentary…..and jokes.
Parade starts at 11 AM. We should be to the staging area by 9:30 – 10:00, which is behind St. Paul's. I can share the staging map with you once they send it to me.
It's really quite fun! The kids love our "snowstorm" and candy for sure!
If you have older kids looking for service hours, this would qualify. If we have enough hands with Monticello, the Grafton Chamber would be happy to put you to work elsewhere!
Your former secretary and parade Captain,
Bob "Looper" Vanderloop and his wife who does a lot too!
